

ENHANCED HOSPITALITY

The health and wellbeing of our customers and the people who work for us is of utmost importance. We are very aware of the growing concerns around coronavirus, and the importance of working together to reduce risk. Rest assured we are continuing to follow and monitor official guidance from Public Health England and the UK Government.

To help combat the spread of COVID-19, we have been putting precautionary safety measures in place, including;

- Educating our staff on prevention
- Emphasising frequent and proper hand washing
- Cleaning high contact points frequently
- Providing hand sanitizer
- Working with local health authorities

We are prepared and focused on keeping our venues open to customers, and our central team is actively monitoring and co-ordinating efforts, to make sure all appropriate measures are in place. Please follow the guidelines of Public Health England (PHE) here with regards to prevention, symptoms and follow up actions if confirmed to have the virus.

If the situation changes or we have any important updates we will continue to communicate in an open and honest way.

We look forward to seeing you soon.
